REASONS FOR ALLOWANCE

6. The following is an examiner's statement of reasons for allowance:

Art Unit: 2167

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including 'wherein the secondary computer system has a representative database of identity information following receipt of the converted information, wherein the representative database is representative of a primary database of identity information stored on the primary computer system, and wherein the representative database on the secondary computer system has less identity information than the primary database' as recited in independent claim 1 and similarly recited in independent claims 15 and 29.

The remaining claims, 2, 5-14, 16, 18-21, and 30-37, comprise dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
